Add **Twitter feed** to your home page

1. In the theme editor (**Customize**), click **[+] Add section**
2. Locate **Twitter feed**
3. Click the section, then **Add**
4. **Save**

## Customize section settings

---

Click the **Twitter feed** section to customize its content and settings.

## Connect the account

---

Enter your **Username** (excluding the '@' symbol) in the corresponding field.

## Control the content

---

Check the **Show retweets** option to include those in the feed.

## Customize the header

---

Add a custom **Heading** for the section's header using the provided field.

Select a background color for the header using the **Header color** swatch.
